

Class M( Year 1 -2)		Class L (Year 3/4)		Class F (Year 5/6)		
	YEAR A	YEAR B	YEAR A	YEAR B	YEAR A	YEAR B
Seasonal Change	<b><u>Everyday materials Yr 2</u></b> Use and suitability of everyday materials	<b><u>Use of everyday materials Yr 1</u></b>	<b><u>Rocks</u></b> How fossils are formed	<b><u>Animals Including humans</u></b> Main parts of musculoskeletal system	<b><u>living things and their habitats</u></b> Main parts of a plant - reproduction	<b><u>Animals, including humans</u></b> Reproduction and growth
	<b><u>Plants Yr 2</u></b> Observe how seeds and bulbs grow	<b><u>Plants Yr 1</u></b> Identify plants and describe basic structure	<b><u>Electricity</u></b> Construct simple circuits	<b><u>Animals Including humans</u></b> The digestive system	<b><u>Evolution and inheritance</u></b> How living things have changed over time	<b><u>Animals, including humans</u></b> Circulatory system
	<b><u>Animals, including humans Yr 2</u></b> Identify common animals	<b><u>Animals including humans Yr 1</u></b> Name and locate parts of the human body - senses	<b><u>Forces-magnets</u></b> Simple forces and their effects	<b><u>Light</u></b> How light forms shadows	<b><u>Earth and Space</u></b> The relative movement of the sun, Earth and moon	<b><u>Light</u></b> How light enters our eyes
	<b><u>Living things and their habitats Yr 2</u></b> Define living and dead	<b><u>Seasonal Changes Yr 1</u></b>	<b><u>Plants</u></b> Describe main parts of plant - transporting nutrients	<b><u>states of matter</u></b> Changes of state and the water cycle	<b><u>Forces</u></b> Gravity, air water resistance and friction and pulleys	<b><u>Properties and changes of materials</u></b> Classifying materials and investigating dissolving
			<b><u>Living things and their habitats</u></b> The impact of environmental changes	<b><u>Sound</u></b>	<b><u>Electricity</u></b> Associate power with changes in components	<b><u>Living things including humans</u></b> Comparing features to classify and order groups.
